

Volume 26, number 1

July 2, 1974

Dr. Hazel Jones new Academic V.P.

★ The appointment of Hazel J. Jones as vice president for academic affairs at Cal Poly has been announced by President Robert E. Kennedy. Dr. Jones has been an administrator at California State University, Fullerton for the past seven years, serving as dean of the School of Letters, Arts, and Sciences. Her appointment will be effective July 31, 1974, or as soon thereafter as she can relinquish her responsibilities at Fullerton, Dr. Kennedy announced. She will be the highest-ranking woman administrator at Cal Poly.

Dr. Jones has an extensive background in both university administration and teaching at the secondary and college level. She was assistant professor of education at both California State University, Los Angeles and California State University, Fullerton before she was appointed to the English Department at Fullerton and subsequently became associate dean of the School of Letters, Arts, and Sciences in 1967.

In 1970, she became dean of the school, which was recently designated as the School of Humanities and Social Sciences. As school dean, Dr. Jones has been responsible for 17 departments, including 20 baccalaureate degree programs, 15 master's degree programs, and two external degree programs.

For five years Dr. Jones was director of in-service education for the Whittier Union High School District, responsible for curriculum development, in-service programs, and review. She was chairman of the Department of English and Social Sciences at Whittier High School from 1951 to 1954. Earlier she taught at high schools in Olathe, Cedaredge, and Grand Junction, all in Colorado.

Dr. Jones received the BA (English) from Western State College, Colorado, and the MA (English) from the University of California, Berkeley. She holds two degrees from the University of Southern California,

(continued on page 2)

Dr. Carroll McKibbin new B & SS School Dean

★ The appointment of Carroll R. McKibbin as dean of the School of Business and Social Sciences at Cal Poly has been announced by President Robert E. Kennedy. Dr. McKibbin, 36, has been chairman of the Department of Political Science of the University of Nebraska - Lincoln for the past four years, having served as a member of the faculty since 1967. He will succeed Owen L. Servatius, who has been acting dean of the school since former dean Edward H. Barker was appointed State Savings and Loan commissioner in the spring of 1973.

Dr. Kennedy said Dr. McKibbin will be responsible for the administration of the school reporting to the vice president for academic affairs. Dr. McKibbin received both BA and MA degrees in political science from Drake University (Des Moines, Iowa), and the PhD in political science with specializations in American government, political parties, and international relations, from the University of Kansas (Lawrence). In addition to teaching at the University of Nebraska - Lincoln, Dr. McKibbin taught at Drake University and the University of Kansas.

(continued on page 2)

★ NEW VICE PRESIDENT FOR ACADEMIC AFFAIRS APPOINTED (continued from Page 1)

the master of education (secondary education, 1958), and the doctor of education (curriculum psychology, 1963). Dr. Jones has received the Delta Kappa Gamma Fellowship for research and a grant from the Rosenberg Foundation for the study of the teaching of composition in California institutions of higher education. A report on the latter was published by the Western College Association.

Her professional activities have included service as a president of the California Association of Teachers of English, the Southern California Council of Teachers of English, the Southern California Conference of Academic Deans, and the Delta Tau Chapter of Delta Kappa Gamma, and as director and officer of numerous education organizations. She has contributed widely to academic journals, especially on the topic of written composition. She is listed in Who's Who, Who's Who of American Women, Who's Who in International Education, the Directory of American Scholars, and the International Scholar's Directory.

In announcing the selection of Dr. Jones, Dr. Kennedy said that she brings to Cal Poly extensive administrative experience and knowledge. He noted that a six-month consultative selection process was involved in the appointment of Dr. Jones to the key post. The screening committee of 13 elected faculty, staff, and student members recommended Dr. Jones to President Kennedy from a wide field of applicants from throughout the nation.

★ NEW DEAN FOR BUSINESS ADMINISTRATION AND SOCIAL SCIENCES (continued from page 1)

The new dean served also as vice consul and third secretary of the American Consulate General in Geneva, Switzerland, and as staff assistant for the assistant secretary of state in Washington, D.C. His government experience includes service as an internal revenue agent with the U. S. Treasury Department in Wichita and Emporia, Kansas, and duties with the Iowa Air National Guard. Dr. McKibbin has held a number of fellowships including the Wilder Fellowship, Kansas University; National Science Foundation Fellowship; and two NDEA Title I grants, University of Nebraska.

He has published widely, especially on topics involving foreign service and careers in political science, and has presented scholarly papers to a number of learned societies. Dr. McKibbin is a member of the American Political Science Association, American Academy of Political Science, Pi Sigma Alpha, and the Western Political Science Association. He is completing his second term as president of the Nebraska Political Science Association.

In addition to his degree studies, Cal Poly's new dean of business and social sciences has attended Geneva University, George Washington University, and the University of Michigan, as well as the Foreign Service Institute and the Internal Revenue Service Training. Dr. Kennedy noted that the appointment will be effective after July 31 but before Aug. 15, permitting Dr. McKibbin time to conclude his assignment at University of Nebraska - Lincoln.

★ AGRICULTURE CALLED "LEAD RUNNER" BY SPEAKER

Dr. William J. Teague of Los Angeles, administrative vice president, Purex Corporation, Ltd., told 500 vocational agricultural teachers gathered at Cal Poly that "agriculture is our lead runner in our race for well being." Speaking to the subject, "If All Else Fails - Think!", Teague was the keynote speaker for the 55th annual summer conference of the California Agricultural Teachers Association. The conference began on Monday (June 24) and ended on Friday (June 29). Attending were vocational agricultural teachers from high schools and community colleges throughout the state.

Dr. Teague said, "In the coming five to ten years, the one powerful thing the United States has that we can use to maintain our stability in the world is our food production capacity." He admitted, "Some people would feel it is repugnant to use food as a power for peace," and added, "It is wonderful to be concerned about solving the problem of hunger. It needs to be solved. But I think it is prudent to solve the problem of hunger and at the same time maintain our posture of independence in the world."

Dr. Teague commented, "We are being led about by the nose by the oil producing countries, but we have the ability to thwart this with our food production capacity. The United States doesn't have many friends in the world - no nation that achieves does. We have taken the attitude of 'don't make them mad, they might not accept our aid.'"

★ P E R S REPRESENTATIVE WILL VISIT CAMPUS

A Public Employees Retirement System representative will be on campus Aug. 6, 7 and 8 for visits with employees anticipating retirement. Those wishing an appointment should phone the Personnel Office, ext. 2236, before July 10.

★ EXTERNAL MASTER'S DEGREE PROGRAM BEGINS

The first statewide master's degree program to be offered through The California State University and Colleges was announced on June 12 by Chancellor Glenn S. Dumke. The program, leading to an MA in humanities from California State College, Dominguez Hills will be offered throughout California to students who find it difficult or impossible to attend regular on-campus classes.

The program is open to students with a bachelor's degree or equivalent from an accredited college or university. It offers two 45-quarter-unit curricula sufficiently different to meet varied interests among MA candidates. One curriculum provides for specialization in an interdisciplinary theme. The other provides specialization in one discipline with related studies in at least two other disciplines. Students, rather than attending classes as Dominguez Hills, will engage in studies at home or in cultural and community centers. They will participate in "course contracts," which are individualized study commitments.

★ STIRLING CYCLE ENGINE WINS AWARDS

A Stirling cycle engine developed as a campus project has won two major awards for Rick Bruno, a senior mechanical engineering student at Cal Poly. Bruno received the Mac Short Award given by the Society of Automotive Engineers. The award is given each year to a Southern California engineering student for significant contributions to engineering, according to Bruno's advisor, Richard T. Kombrink (Engineering Technology).

More recently, the Stirling cycle engine gained Bruno the first place award in the regional American Society of Mechanical Engineers contest held in Los Angeles, at which a representative of the Ford Motor Company took interest in his design. As regional winner, Bruno will compete in the national ASME contest to be held in New York in November. The Stirling cycle engine is designed to operate on any type of heat source, including unrefined sources such as solar heat, wood, or nuclear power. It can do this because it is a closed-system engine, the heat supply being generated outside the cylinders. The engine's hermetically sealed cylinders are filled with a gas which moves the piston back and forth as the gas is heated or cooled.

Bruno, who started working on the engine last summer, says that although exhaust emission is not his primary interest in his study and design of the engine, it is capable of low emission due to very complete combustion at a high temperature. Although the engine was invented 150 years ago, he says it is only beginning to be developed as an alternative to the internal combustion engine. In fact, he has had to do most of his own design work, since those in industry who are working with it aren't giving out information readily.

★ RICHARD SANCHEZ APPOINTED TO ASSOCIATE DEAN

Richard Sanchez (Education) will become associate dean of the School of Human Development and Education at Cal Poly in September. Appointment of Dr. Sanchez to succeed John Connely was announced this week by president Robert E. Kennedy. Dr. Connely has requested and been granted a leave of absence for 1974-75 and reassignment to full-time teaching duties when he returns.

Dr. Sanchez has been a participant in the Academic Administration Internship program of the American Council on Education for the past year. He was one of 39 persons selected from 134 nominees from throughout the United States for the ACE program. A member of Cal Poly's Education Department faculty since 1972, Dr. Sanchez formerly was a teacher with San Luis Obispo Coastal Unified School District and a Mott Doctoral Fellow at the National Center for Community Education in Flint, Mich. He also has been a consultant in migrant and bilingual education and taught in public schools in Rialto and San Bernardino, Cal. and Flagstaff, Ariz.

The new associate dean is an alumnus of Cal Poly. He earned his bachelor's degree at Northern Arizona University, his master's degree at Cal Poly, and his doctor's degree at Western Michigan University. In his new assignment, Dr. Sanchez will work with Carl C. Cummins, (Dean, School of Human Development and Education) in administration of the school's programs. He will also teach in the Education Department on a half time basis.

★ LANDSCAPE ARCHITECTURE PROGRAM APPROVED BY STATE BOARD

The landscape architecture degree program offered by Cal Poly has been approved by the California State Board of Landscape Architects, according to information received by the university. George Hasslein (Dean, School of Architecture and Environmental Design) said the state board's action is a fine compliment in light of the fact that the program produced its first group of graduates only this year.

Dean Hasslein explained that the approval of the State Board of Landscape Architects is based on its study of the Cal Poly curriculum and the work and enthusiasm of its students and faculty. Its effect is that graduates of the program will receive four years of credit on the six years required by the board for examination for licensing as landscape architects.

The Cal Poly landscape architecture program, which began operation in mid-1972, had an enrollment of 83 students last fall. Thirty of that number received their bachelor's degrees when the university held its 68th annual commencement on June 15. The goal of the program is to prepare qualified young men and women for employment as landscape architects.

★ PRESIDENT KENNEDY PENS ARTICLE IN "FUTURE TALK"

The June issue of Future Talk, distributed by the division of New Program Development and Evaluation in the Chancellor's office and recently sent to all faculty, is devoted to Career Education and carries an article by Cal Poly President Robert E. Kennedy. He points out that "in view of our high minority enrollments, excellent contacts with the surrounding business/industry community, and strong relationships with area elementary schools, high schools, and community colleges, we are in a particularly favorable position potentially to make significant contributions to career education." A few extra copies of Future Talk are available in Adm. 314 or may be obtained by calling Ext. 2982.

★ BOOKSTORE CLOSED WEEK OF JULY 1 FOR INVENTORY

Mary Lee Green (Manager, El Corral Bookstore) announced that the bookstore will be closed from Monday (July 1) through Sunday (July 7) for inventory. The El Corral offices will remain open as usual.

★ FOUNDATION OFFICES HAVE NEW PHONE NUMBERS

Listed below are new telephone numbers that have been assigned to some Foundation offices:

El Corral Bookstore	1101
Food Warehouse.....	1181
Foundation Business Office.....	1111
Foundation Controller.....	1141
Foundation Custodial.....	1191
Foundation Executive Director.....	1131
Foundation Personnel.....	1121
Receiving Warehouse (Foundation).....	1182

★ WHO . . . WHAT . . . WHEN . . . WHERE ? ? ?

James M. Quinn (Men's Physical Education) attended the second annual southwestern regional gymnastics workshop and clinic in techniques and methods of teaching gymnastics, which included participants and coaches from California, Oregon, Utah, Arizona, and New Mexico. The theme of the clinic was centered around national and international trends in gymnastics.

Walter E. Elliott (Physics) is co-teaching an experimental interdisciplinary physics-kinesiology course at the University of Texas, Arlington campus. Dr. Elliott is classroom testing physics of sports curriculum materials.

Joseph N. Weatherby (Political Science) has been selected as one of 25 summer fellows at the Institute on Middle East Studies held at Hamline University, St. Paul, Minnesota, during June and July.

John B. Connely (Associate Dean, Human Development and Education) has been granted a leave of absence for the 1974-75 academic year from the Education Department. He will be teaching for the University of Southern California in their master's program for United States military personnel in Europe. This will involve teaching assignments in Holland, Spain, and Germany.

Ed Roberson (Plant Engineering) attended the Western Plant Engineering Conference and show sponsored by the American Institute of Plant Engineers in Anaheim, California, on June 18-20. The three-day conference was an opportunity for plant engineers to become informed of new developments in related engineering and management technology developments.

Frederick P. Andoli (Biological Sciences) has just received certification from Idaho State University that he has completed all requirements for the doctor of arts degree. Dr. Andoli has been a member of the Biological Sciences Department faculty since 1968.

★ CAL POLY IN THE NEWS

A photograph of Cal Poly's Clancy Edwards as he won the 220-yard dash in the NCAA College Division II event appeared in the Hong Kong Standard on June 3, and we are indebted to Leonard H. Vitkin of Van Nuys who sent us copies of the paper. Vitkin (Dair Manufacturing, 1951) ran across the item while vacationing in Hong Kong.

★ NEW POSTAL INFORMATION ISSUED

The U.S. Post Office has informed that beginning July 1 all mail formerly addressed to Los Osos, Baywood Park or Bay-Osos should have Los Osos listed as the city. A new zip code, 93402, has been assigned to Los Osos. When sorting mail into "local" and "out of town" categories for the mailroom, Los Osos and San Luis Obispo mail are both considered to be "local."

The mailroom also requests that a return address consisting of the department name be used on all envelopes to be run through the postage meter. This will allow returned mail to be sent to its originator without having to be opened to ascertain the department.

* CANDIDATES FOR FACULTY POSITIONS BEING SOUGHT

Candidates for positions on the faculty of the university are presently being sought, according to Donald L. Shelton (Director of Personnel Relations). Those interested in learning more about the positions are invited to contact the appropriate dean or department head. Cal Poly is an Affirmative Action Employer. Following is a description of the available positions:

Assistant Instructor (\$564-\$828/quarter), Mathematics Department, School of Science and Mathematics. Duties and responsibilities include teaching one lower division course in mathematics. Candidate must possess a degree in Mathematics. Current enrollment in the department's graduate program required. Minorities and women are encouraged to apply. Part-time positions available: Fall, Winter and Spring quarters of 1974-75 academic year.

Assistant Professor (\$11,340-\$13,788/annually), Social Sciences Department, School of Business and Social Sciences. Duties and responsibilities include teaching lower and upper division sociology courses. Applicants should have a doctorate degree. Minority group members and women are encouraged to apply. Applications accepted through July 15, 1974. Position available: academic year.

Assistant Professor (\$10,800-\$12,128/annually), Crop Science Department, School of Agriculture and Natural Resources. Duties and responsibilities will be in the area of plant breeding and other undergraduate crop science courses. Candidates must possess a master's degree with a doctorate in commercial agriculture and/or teaching preferred. Minority group members and women are encouraged to apply. Position available: 1974-75 academic year.

★ OFF-CAMPUS POSITION VACANCIES

Information on the administrative vacancies listed below can be obtained from the Placement Office, Adm. 213, ext. 2501:

California State University, Fullerton - Chair, Chicano Studies Department (\$11,340-\$22,452 w/doctorate and depending upon qualifications), ten-month academic appointment. Earned doctorate or close to completion of degree, recent successful experience in teaching and administration in a college or university, and a variety of experiences in working with Chicano students and the Chicano community required. Deadline for application is July 1, 1974.

Western Washington State College - Director of Continuing Education (no salary listed). Advanced academic or professional degree and previous successful program development and administrative experience required. Deadline for application is June 28, 1974; effective date of appointment is Sept. 1, 1974.

California State University, Long Beach - Visiting Lecturer in Health Care Administration (no salary listed). Doctorate preferred, but master's degree in health care administration or related discipline acceptable, preceptorship/supervision experience desirable. Deadline for application is July 5, 1974.

California State University, Fresno - Assistant Vice President for Academic Affairs (\$21,384-\$29,748), one-year appointment. Doctorate in one of the social/behavioral sciences and specialization in the funded study of higher education problems with research published in refereed journals required; preference given to candidates with university teaching experience and significant demonstration of administrative and organizational abilities. Deadline for application is Aug. 1, 1974.

Yavapai College - Dean of Instruction (no salary listed). Master's degree and administrative experience at the community college level or other institution of higher education required. Deadline for application is July 1, 1974.

State University College, Potsdam, New York - Vice President for Academic Affairs (no salary listed). Earned doctorate or equivalent, progressively responsible experience in academic administration combined with scholarly pursuits in an academic field, successful experience as an academic dean or equivalent, and successful experience in college and/or university teaching required. Effective date of appointment is Aug. 1, 1974.

University of Hawaii, Honolulu Dean, College of Business Administration (\$30,000 plus, depending upon qualifications). Earned doctorate, relevant professional degree, and demonstrated competence as a general administrator with broad experience in both business and higher education desired. Deadline for application is Aug. 31, 1974.

★ Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon on Friday (July 12) in the Office of Information Services, Adm. 210. Copy intended for Cal Poly Dateline, which replaces the "Coming Events" section of Cal Poly Report and is published separately on Thursdays, is due in the Office of Information Services by 12 noon on Tuesday (July 9).

★ SUPPORT STAFF VACANCIES LISTED

Vacant support staff positions have been announced by S. Milton Piuma (Staff Personnel Officer). Descriptions of the positions and other vacancies are posted outside the Personnel Office, Adm. 110, ext. 2236. Contact the Personnel Office to obtain an application. Cal Poly is an Affirmative Action Employer. The positions are:

Clerical Assistant II-A (\$267.00-\$324.50), Financial Aid Office, Student Affairs Division. Duties and responsibilities include providing and distributing information relating to financial aid programs; typing general correspondence for professional staff; performing clerical duties associated with the administration of the Federally Insured Student Loan Program, College Work-Study Program; performing miscellaneous clerical duties as required. Requirements: High school graduate with one year office experience, General Clerical Test administered to all clerical applicants, type 45 wpm. Closing date July 9, 1974. Half-time position.

Clerical Assistant II-B (\$575-\$699), Economics Department, School of Business and Social Sciences. Duties and responsibilities include typing exams, handouts, reports, taking dictation and transcribing, operating office machines (duplicating, xeroxing, etc.); assisting the departmental secretary in general office procedures (filing, sorting mail, answering the telephone, etc.); and any other University-related work that might be asked by Economic instructor. Requirements: High school graduate with one year office experience, General Clerical Test administered to all clerical applicants, type 45 wpm, and take dictation at 90 wpm. Closing date July 9, 1974.

Custodial Foreman (\$649-\$786), Custodial Department, Business Affairs Division. Duties and responsibilities include guiding, checking, correcting, reporting, on and working with a group of custodians; training and instructing custodians in the proper use of equipment, materials and accepted custodial techniques; assisting custodians in the performance of their duties; making inspections; reporting faulty equipment and repair needs; reporting absences of personnel and may assume absent custodian's duties. Requirements: One year of experience as a Custodian in the State Colleges or two years of custodial or janitorial experience wherein the individual has shown the potential for exercising working supervision over others. Education equivalent to completion of the eighth grade. Closing date: July 12, 1974.

Fusion Welder (\$1003-\$1105), Plant Operations, Business Affairs Division. Duties and responsibilities include performing a variety of oxygen-acetylene, arc and T.I.G. welding in the construction, fabrication and maintenance of the University Plant Operations program. Work to include use of cold rolled steel, pipe, cast iron, aluminum and other alloys and being able to follow blue prints, diagrams, and verbal instructions and directions. Requirements: Two years experience in oxyacetylene and electric arc welding; and education equivalent to completion of the sixth grade supplemented by a course and/or an apprenticeship in fusion welding (high school completion desirable). Closing date: July 16, 1974.

Medical Officer I (\$2210-\$2558), Health Center, Student Affairs Division. Duties and responsibilities include to serve as college physician at the Campus Health Center attending to the medical needs of the students. Generalist with current California license who is sensitive to the medical needs of the young adult. Requirements: One year of experience in the practice of medicine exclusive of internship.

Clerical Assistant II-A (\$534-\$649), Admissions & Records, Student Affairs Division. Duties and responsibilities include working in the University Admissions Office, processing applications for admission of students. Working in the University Records Office, with student records, assisting with registration, and preparing grades. Requirements: High school graduate with one year office experience, General Clerical Test administered to all clerical applicants, and type 45 wpm. Closing date: July 9, 1974.

★ VACANT FOUNDATION STAFF POSITIONS

The following vacancies are listed on the Foundation staff of the university, as announced by Jack L. Fryer (Foundation Personnel Officer). Interested persons may call at the Foundation Personnel Office, UU 212, ext. 4613, to make application. Cal Poly is an Affirmative Action Employer. The positions are:

Head Stock Clerk (\$649-\$789), Bookstore. Responsible for operation of calculator and photography department. Duties include purchasing, pricing, and maintaining stock of all departmental supplies; supervision and training of sales personnel; maintaining strict inventory control. Requires extensive knowledge of calculator mechanics and the ability to operate all types of electronic calculators; have a working knowledge of photo supplies. All employee benefits.

Retail Clerk (\$534-\$649), Bookstore. Responsible for operations of technical and art supply sales area. Duties include customer sales; responsibility for operation of cash register; maintaining department stock; listing and ordering new items; supervision and scheduling student assistant personnel in that area. Requires high school education, knowledge of art and engineering supplies, particularly art and craft supplies. Ability to operate calculator and typewriter helpful. All employee benefits.

Stock Control Clerk (\$415-\$505), Bookstore. Maintains department stock; routine ordering and pricing of candy and tobacco, post cards, miscellaneous stock; provides customer assistance; other duties as assigned. Requires high school education. Ability to operate calculator and typewriter helpful. All employee benefits.

Trap Nester/Egg Candler (\$2.00 per hour), permanent, part-time, Poultry Unit. Primary duties consist of trapping pullets, grading and candling eggs, maintaining records, preparation of poultry products for marketing, handling sales and answering telephone. Applicant must be conscientious person with high school education, capable of accurate record keeping, and have good vision.

NEW LOCATIONS NOW DIALABLE VIA ATSS

The state Department of General Services has informed that effective June 30, all telephone numbers in California will be dialable over the ATSS network. However, for calls originating at Cal Poly the following locations should be dialed as regular long distance calls (not via ATSS lease lines) from 8 am to 12 noon and 1 pm to 5 pm Monday through Friday. ATSS may be used for these locations (except for local calls) during other hours. For additional information, call the General Office, Ext. 2181.

LATE NEWS.

CONSTRUCTION WORKERS STRIKE CAMPUS PROJECTS

Pickets appeared on Monday (July 1) at the construction sites of two campus projects. E. Douglas Gerard (Executive Dean), said the work stoppage on the new Health Center addition and the Highland Dr. entrance road is part of a statewide strike of members of several unions against construction contractors. The issue in the strike is improved wages and benefits. Contractor for the Health Center addition is Don Greene Construction Inc., of Santa Barbara. A.J. Diani, Inc., of Santa Maria is the contractor for the new entrance road.
